Education

Delhi Public School, West Bengal

Class 10th: 96.2%

Apr 2012 – Mar 2019

Central Public Senior Secondary School, Rajasthan

Class 12th: 94%

Apr 2019 – May 2021

Vellore Institute of Technology, Tamil Nadu

B.Tech in Computer Science with Business Systems

Jul 2022 – Jun 2026

Experience

Full Stack Developer Intern (Project-Based)

Apr 2024 – Jul 2025

- Built a full-stack **AI Trip Planner App** using **Next.js**, **TypeScript**, and **React**.
- Integrated **Google Places API** and **Mapbox** for real-time maps and AI-powered recommendations.
- Implemented authentication, serverless backend, and security using **Clerk**, **Convex**, and **Arcjet**.

Projects

Trip Planner App – Next.js, TypeScript, React, Convex, Clerk, Mapbox, Google Places API, Arcjet Mar 2025 – Jul 2025

- Engineered an AI-powered trip planner generating personalized itineraries based on budget, location, and user preferences.
- Integrated **Google Places API** and **Mapbox** for real-time destination search and interactive maps.
- Designed AI-driven itinerary logic to support diverse travel scenarios.
- Secured the platform using **Clerk**, **Convex**, and request rate-limiting via **Arcjet**.

SolarSurya – NASA-Powered Solar feasibility system

Aug 2025 – Present

- Built a full-stack rooftop solar feasibility platform using **Next.js 15**, **TypeScript**, and **Tailwind CSS**, providing a mobile-first glassmorphism UI for instant solar assessments.
- Integrated **NASA POWER API** to convert PIN code to Lat/Long, fetch irradiance data, and run standardized formulas for system size, annual yield, savings, MNRE subsidy, and payback in under 2 seconds.
- Implemented a real-time **Convex**-backed cloud dashboard with authentication, historical assessment tracking, interactive charts, and bank-ready PDF report generation for rooftop solar loan applications.
- Added production-ready features including rooftop **photo analysis** for automatic roof area and shadow detection, WhatsApp quote sharing, installer matching, multi-language support for Indian users, and AI-assisted advisory for choosing optimal system size and financing options.

Technical Skills

Languages: C, C++, JavaScript

Databases: MySQL, MongoDB, Convex, PostgreSQL

Frameworks & Libraries: Next.js, React.js, Node.js, Express.js

Tools & Platforms: Git, GitHub, Postman, AWS, Azure, RESTful APIs

Core CS: DSA, OOP, OS, DBMS

Certifications

- **Microsoft Certified: Azure AI Engineer Associate (AI-102)** – Scored 820/1000.

Activities & Co-curriculars

Performed in cultural fests (**dance, vocals, keyboard**); represented school **cricket team** in interschool tournaments.
